A few of the many varieties of HARDY GARDEN PHLOX

Specializing in
FIELD GROWN HARDY PHLOX
and PERENNIALS

Walters Gardens Hardy All-Purpose Perennials

Dear Customers:

Many of our friends write to us occasionally asking questions about perennials, relative to care, diseases, soil preference, etc., which we are always happy to answer. We are certain that many others are reluctant to write to us fearing that this would indicate an ignorance on their part on the subject of perennials. However, if their questions could be answered in a clear, concise and easy to understand manner, this writer is confident that the perennial business, as we know it today, could be increased 100% in a relatively short period.

For this reason we are submitting the names of two publications dealing with perennials, which we have found very helpful. The writer is in no way associated with the writers or publishers of the books mentioned below, but wish to state that they contain a wealth of pertinent information of interest and value to everyone interested in using perennials in some manner.

Although we are always ready and eager to reply to your questions, we are of the opinion that you would be able to answer the questions of your valuable customers more quickly and thereby win their continued confidence by being able to quote directly from recognized authorities on the subject of perennials.

Thanking you for the many fine orders we have received from you during the course of the past season and anticipating your continued patronage, I am

Respectfully yours,

Dennis Walters

Write for Special Prices on orders of 1000 or more plants of a variety. These plants are all field-grown, transplanted in wide rows and properly spaced to make good looking stock.

To keep our prices down to a minimum we must have cash with order or 25% with order and balance C.O.D. 5 plants invoiced at 10 rate and 20 or more at 100 rate.

Please specify the exact date you wish order to be shipped, and also the method, viz.: truck, freight, rail express or parcel post. All shipments made F.O.B. Zeeland, Michigan. All shipments travel at purchaser's risk. Our responsibility ceases when goods are delivered to carrier in good condition. Claims for loss, damage or delay in transit should be filed immediately with the delivering carrier. We are ready at all times to render assistance with the preparation of a claim should you so desire.

HARDY FIELD GROWN PHLOX

SOLD OUT for Spring 1960

Partly due to unusual weather conditions during the summer of 1959 we are confronted with a shortage of HARDY PHLOX for the current season. We hope to have a good supply of CHOICE VARIETIES to offer again for the FALL 1960 shipping season.

HOWEVER, WE DO HAVE AVAILABLE A SUPPLY OF NO. 2 GRADE HARDY PHLOX SUITABLE FOR 3 INCH POTS OR LINING OUT. UNDER AVERAGE CONDITIONS THESE WILL BLOOM THIS SUMMER AND ARE AVAILABLE BY COLOR: RED, PINK, WHITE, PURPLE AND SALMON. THEY ARE TIED IN BUNDLES OF 20 EACH AND A MINIMUM ORDER MUST TOTAL 100 PLANTS.

Priced at: 100 Plants for \$8.00.

500 Plants or more at \$65.00
per 1000.

WALTERS PHLOX SUBULATA

(CREEPING PHLOX)

An early spring flowering type with pretty moss-like, evergreen foliage, which during the flowering season, in April and May, is hidden under the masses of bloom. An excellent plant for rockery, the border, and invaluable for carpeting the ground or covering graves.

Clean Healthy Undivided Clumps

	per 10	per 100		per 10	per 100
APPLE BLOSSOM—Very delicate soft pink on light green foliage.....	1.75	14.00	ROSALINA—A vigorous grower, bright crimson, very showy.....	1.75	14.00
ATROPURPUREA — Rich wine red..	1.75	14.00	ROSEA — Bright rose.....	1.75	14.00

SUBULATA VIVID

Our PHLOX SUBULATA are grown in the open field in light sandy soil, which gives them a strong fibrous root system.

Take advantage of WALTERS' experience with Subulatas and place your order now, for delivery when it suits you best.
